- Top Performer in Python Programming – Code.org, 2024
- Leadership Recognition (Chief Editor) – OBA Sathuliya Vidyalaya, 2022

PROJECTS

Academic Project

Library Management System – Developed a desktop application using C# and SQL to manage library operations efficiently.

- Features include book issuance, returns, and inventory tracking
- Implemented user-friendly interface with search and filter functionality
- Designed for smooth management of library resources

Responsive Personal Portfolio Website – Developed a fully responsive personal website using HTML, CSS, and Bootstrap to showcase technical skills, projects, and achievements. • Implemented interactive sections for projects and experience

- Ensured cross-device compatibility and user-friendly navigation
- Highlighted web development and design capabilities

SKILLS & EDUCATION HIGHLIGHTS

- **Programming & Development:** Python, C#, JavaScript, Scratch
- **Web Development:** HTML, CSS, Bootstrap, Responsive Design
- **Database Management:** MySQL, SQL Server
- **Software & Tools:** MS Office (Word, Excel, PowerPoint), Canva, Photoshop, CapCut, Adobe Premiere Pro
- **Other:** Problem-Solving, Teaching & Mentoring, Curriculum Design

KEY COMPETENCIES

- Leadership and team coordination skills
- Ability to coordinate events
- Clear and effective communication of concepts and situations

LANGUAGES

- English: Professional proficiency
- Tamil: Native
- Sinhala: Basic

EXTRA-CURRICULAR ACTIVITIES

- Batch Coordinator
